Month	Quantities of Crude Oil Imported (in tons)	Dispatched to
<u>From Hungary</u>		
June	428.1	Grosskorbetha
July	1,189.9	"
August	5,789.6	"
September	783.3	"
October	no information received	
November	2,783.4	"
December	1,368.8	"
Total:	12,343.1	

<u>From Rumania</u>		
November	1,272.6	Grosskorbetha
December	1,219.4	"
Total:	2,492.0	

1. Comment. On the assumption that crude oil imports in February and August 25X1 at the average daily rate of about 1,200 tons, total crude oil imports from Rumania in 1953 may be assumed to have amounted to approximately 435,000 tons. This crude oil was consigned to the Leuna synthetic gasoline plant, the distillation plant at Luetzkendorf/Krumpke, and the mineral oil plant at Mockethal/Herrnhütte near Pirna. Most of these crude oil imports were shipped via Bad Schandau, to a minor extent also through Bad Brambach, Horka and Eberstach.

2. Comment. Crude oil imports from Hungary were first observed in June 1953. 25X1 These shipments were dispatched from Bak which is on the single track Transilvanian railroad line in the southern portion of the country. ILLEGIB
